

## COVID-19 Resources

Compiled by: Timothy L. Ricks, DMD, MPH, FICD, Rear Admiral (RADM),  
Assistant Surgeon General, Chief Dental Officer, U.S. Public Health Service, IHS  
Headquarters Division of Oral Health

Date: May 15, 2020

Context from RADM Ricks:

In the spirit of information dissemination (*no endorsement of any particular organization*), below are some COVID-19 topics that may of be interest to you. Some of these are from official government sources, while some are from dental organizations. You may have already seen many of these, but these are mostly from the past 7-10 days and I wanted to try to put them all in one place for convenience. I think we are all overwhelmed by the number of e-mails that we receive related to COVID-19, and we all wonder what's new information and what's old. If you see a topic or document that isn't familiar below, click on the hyperlink for more information.

**General COVID-19 information from the U.S. Centers for Disease Control and Prevention (CDC), the Food and Drug Administration (FDA), and the National Institute for Occupation Safety & Health (NIOSH)**

1. [Multisystem Inflammatory Syndrome in Children Associated with Coronavirus Disease 2019](#)
2. [Framework for Provision of non-COVID-19 Health Care During the COVID-19 Pandemic from the Centers for Disease Control and Prevention](#)
