Password = oralhealth

Purpose of the Effort

To gather key stakeholders within the oral health system to deepen relationships, build alignment, and develop priorities that will guide our individual, organizational, and collaborative action in order to create economic and point of access stability in the oral health care system and to begin to envision what the post-pandemic oral healthcare stem will look like.

Purpose of the Meeting

To build alignment on the need for national-level guidelines to inform the development of specific state-level guidelines for the safe reopening of dental practices and other oral health services.

Desired Outcomes

By the end of this meeting, we will have:

- A shared understanding of the context for today's meeting and the need to focus on safety and communication
- A shared understanding of the CDC and OSHA interim guidelines regarding emergency care, and the process and timeline for the CDC's development of safety guidelines
- A shared understanding of OSAP as a resource for the field in moving through the COVID-19 crisis
- An awareness of the ADA's findings/insights regarding the re-opening of dental offices and related safety issues
- A shared understanding of the current reality of the PPE supply chain and next steps to develop a strategy, including a list of actions to address the outstanding safety and PPE issues
