***Purpose of the Effort***

To gather key oral health system stakeholders to deepen relationships, build alignment, and develop priorities that will guide our individual, organizational, and collaborative action in creating economic and point of access stability in the oral health care system; and to begin to envision what the post-pandemic oral health care system will look like.

***Purpose of the Meeting***

To build agreement on a path forward for the group and to create a process and timeline for making progress across a set of priorities.

***Desired Outcomes***

*By the end of this meeting, we will have:*

- An opportunity to welcome new members to the group
- A shared understanding of the process proposal for how to tackle the priority areas identified by the group, including how we will become grounded in the work underway across all the issue areas
- A list of possible adjustments to the proposed process
- Agreement on next steps
