

# Process Proposal

## Whole Group

- Continues to meet regularly in 2021
- Coordinates around COVID-19
- Receives updates from the Working Teams
- Identifies and leverages synergies across Teams

## Working Teams

- Teams will form in February 2021
- PRW participants will self-select which Team(s) to join
- Teams will have facilitation and admin support
- Teams will meet as needed to understand the eco-system of the particular advocacy strategy, and to make and execute a plan to amplify and unify around the work underway
- Team will apply an equity lens throughout

# Working Teams

## o Purpose of Our Work Together in 2021

- o continue monitoring the impacts of COVID-19 on safety, infection control, and access, and to discuss action steps as necessary; and
- o broaden our focus and identify ways to have a collective impact on the prioritized advocacy strategies selected by the group.

## o Purpose of the Working Teams

- o understand the eco-system of the particular advocacy strategy so that the PRW can contribute to, amplify, and unify around the work underway
- o apply an equity lens and root cause analysis to revise the advocacy strategy as needed, and
- o refine the strategy in the context of COVID-19 and the permanent changes likely to result from the pandemic

## o Audience

- o entities that can make or impede the desired changes (e.g., policy-makers, thought leaders, the provider community, the consumer community, advocacy organizations, and others engaged in the U.S. oral health system)
- o specific audience will depend on the particular advocacy strategy

## o Staff Support & Schedule

- o a process facilitator and administrative support will be available for each Working Team
- o Working Teams will be formed and launched in February
